

## Espai Sucre

Head chef Jordi Butrón is a sweetie. In his chic restaurant, Butrón spoils his guests with more than just delicious desserts. The main courses often have a sweet note, too. For instance, the menu offers mushroom soup with plum cognac sorbet, goose liver and smoked cheese. Then there's Asian noodles with calamari in coconut milk, rhubarb compote and horseradish. If that's not enough, try the house signature dessert, cheesecake with pineapple and thyme.
